Congratulations, "Deputy Bulla",

The pentagon has announced the death of more than 4,000 "U.S. TROOPS" 

While The resistance in IRAQ says they are 40,000 

But at least they agreed that total veterans from US. are half a million, out of which 70,000

Lost ~~there~~ their hearing and became deaf, so unfortunately they will keep silent 

While you're still obliged to bring me my food in my room. Disperate house wife or house keeper. You guys are seriously pathetic. I really enjoyed your services, Babes. Mohamed.
